

2018 Beetle Cat Leo J Telesmanick Championship Schedule of Events Bass River Yacht Club

1. Launching, Parking, and Storage – The closest launching ramp is on Uncle Freemans Road, off of Uncle Barneys Road on the West Dennis side of the river. See map on next page. There is room at Bass River Yacht Club to store empty trailers and for parking of cars. Please use the raised area furthest from the Clubhouse for trailers. Please try to limit to one car per boat so we have enough space for all.

2. Mooring - Come prepared to moor your boat in Bass River - there are no docking facilities - using your own anchor. Bass River is somewhat open, but boats will be OK unless a serious storm arises. In that case, we suggest you haul your boat or take extra precautions. The best mooring area is at the North end of Stage Island, which is the marsh area South of the Club. The water is fairly shallow there. Launch service will be available.

3. Racing location – All races will be sailed in Nantucket Sound off of Bass River with the circle centered about 0.5 NM of the Bass River gong #2.

4. Schedule

Friday, August 10, 2018	Racing Clinic with Tim Fallon	1400 to 1700

The tides shown are adjusted to 0:50 after Boston tides according to Eldridge, which is the generally-accepted delay for the mouth of Bass River, however, **no guarantees are made for their accuracy.** Note that that the time shown in Eldridge for Bass River is that at the Bass River Bridge, NOT that at the mouth.
